## **APP DEVELOPER/CODER**

**Hours:** Full Time, 6 month contract  
**Salary:** \$20 - \$25/hour  
**Location:** Remote

We are looking for an experienced and creative **App Developer / Coder** who will be responsible for developing and designing mobile applications for iOS and Android devices. Support the entire application lifecycle (design, develop, test, implementation and support). The candidate will also write unit and UI tests to identify malfunctions, troubleshoot and debug to optimize performance and design interfaces to improve user experience.

### **Responsibilities:**

- Assist the sales team as needed for customer engagement and support
- Use mobile web and hybrid application development (Cordova or Ionic)
- Process and publish apps for major app stores
- Create user friendly wireframes and app designs
- Develop software solutions to meet customer needs
- Create and implement the source code of new applications
- Test source code and debug code
- Evaluate existing applications and perform updates and modifications
- Develop technical handbooks to represent the design and code of new applications

### **Requirements:**

- Knowledge of IOS and Android systems and applications
- Experience with Framework 7 is a plus
- Expertise with HTML(5), CSS3, advanced JS and common JS libraries
- Experience with cordova plugin customization is a plus
- Knowledge of programming languages – C#, Java, Objective-C, Android
- Mathematical aptitude and problem-solving skills
- Ability to learn quickly and follow technical plans
- Strong communication skills
- Understanding of cross-platform mobile suits like AMP, Antenna
- Understanding of XML, Android SDK and Android Studio
- Works hard, willing to learn, can communicate proactively
- Degree/Diploma from Post-Secondary Institution with experience in App Development, IOS and Android, Computer Science and E-commerce

***Interviews will be held June 15 – 17, 2021 for qualified candidates***
